**Survey Deadline Extended to Friday, October 10**

So far, about 30 rural housing organizations have participated in NRHC's 2014 Impact Survey. Can you help us reach our goal of 100 organizations?

In order to provide rural housing organizations more time to complete the survey, the deadline to participate has been extended to Friday, October 10th.

By participating in the survey, you can join rural advocates from across the nation in showing Congress just how critical these organizations---and the USDA Rural Housing Programs they use---are to Rural America.

Please submit your survey by Friday, October 10th by emailing a completed version to [sarah@rapoza.org](mailto:sarah@rapoza.org).

Thank you for your support,
