May 14, 2013

The Honorable Barbara Mikulski  
Chairwoman, Appropriations Committee  
U.S. Senate  
Washington, DC 20510

The Honorable Richard Shelby  
Ranking Member, Appropriations Committee  
U.S. Senate  
Washington, DC 20510

The Honorable Mark Pryor  
Chairman, Subcommittee on Agriculture,  
Rural Development, FDA  
Committee on Appropriations  
U.S. Senate  
Washington, DC 20510

The Honorable Roy Blunt  
Ranking Member, Subcommittee on  
Agriculture, Rural Development, FDA  
Committee on Appropriations  
U.S. Senate  
Washington, DC 20510

Dear Chairwoman Mikulski, Ranking Member Shelby, Chairman Pryor, and Ranking Member Blunt:

We, the undersigned 1,222 rural organizations and advocates, write to express support for federal rural housing and community development programs and our opposition to the reductions proposed in the President's Fiscal Year 2014 (FY14) Budget Request.

Since 2010, U.S. Department of Agriculture (USDA) rural housing and community development programs have been cut by at least \$750 million, including a nearly \$400 million reduction to USDA Rural Housing programs. Now, the President's FY14 Budget Request proposes to cut rural development spending by an additional \$200 million.

These proposed reductions are both unwise and unwarranted, and will only make it harder for lower-income families, the elderly, and persons with disabilities to access decent, healthy, and affordable housing.

If approved by Congress, the President's budget would slash USDA's homeownership loan program – which provides low-cost mortgages to working rural families -- by 60 percent. The Self-Help Housing program, which gives rural families the opportunity to build their own homes, would be cut by 66 percent. And, the President's budget proposes reducing Rural Water/Wastewater grants by \$100 million. These grants help small, remote, and poor rural communities build clean, safe, and affordable water and sewer systems for residents. These critical programs should be at the top of the USDA budget, not the bottom. As such, we urge Congress to restore the reductions proposed in the President's FY14 Budget Request.

In addition, we also urge Congress to provide adequate rental housing funding to ensure that all tenants currently receiving rural rental assistance are able to continue to stay in their homes, and to maintain, restore, and expand rural America's rental and farmworker housing stock. Affordable housing and community development improve the lives of rural Americans.

Sincerely,
